

## PERIDOT PARK

Transformation of two office buildings into 84 apartments.

Conversion of 9,000 m<sup>2</sup> of office space into 84 high-end apartments flooded with natural light, set within an exceptional green enclave in the heart of Uccle.

The existing metal façades were transformed into beautiful, well-insulated brick façades that blend harmoniously into the magnificent garden.

Each residential block includes four spacious corner apartments per floor and two large through-apartments. There are also several studios, allowing for a versatile and mixed housing offering.

The former technical premises were renovated and converted into powerful penthouses.

Thanks to its location, at the intersection of a prestigious residential neighbourhood and a main artery served by public transport, this residential area combines the best of both worlds: tranquillity and accessibility.
